- Not a lot of new info for me.

What were the strong points of the session?

- Great duo. Motivated speakers and enthusiastic about their job!
- To see how Alaska is relating to Firewise.
- Thanks for pairing me with Morgan. I learned stuff!
- Morgan seems to be ready! Putting that all together with so many partners is a lot of work. If we get together next year, it would be valuable to have a follow-up to this session to learn how it went.
- Appreciated the hand-outs as templates. Great to get different perspectives.
- Morgan Miller carried this presentation. She has done a fantastic job in a short time in Alaska. I was very impressed how she has tackled a tremendous challenge in a remote setting. I think she should be recognized after the success of the program.

What were the weak points of the session and how would you change them for the better?

- What is the future of Firewise?
- Have someone outside NPS in the Firewise Community to assist in the presentation.
